THE BAREFOOT RITUAL

At your leisure, our spa therapists invite you to visit the spa for a complimentary Barefoot Ritual.

The Barefoot Ritual is a symbolic introduction to the island way of barefoot luxury. This traditional welcome derives its significance from washing off the dust of past travels and refreshing your feet for the journey that begins at North Island.

It is also an opportunity for you to see the spa and enjoy an individual consultation with your therapist, who will then take time to explain the various treatments to you and personalise your spa experience to suit your needs.
